

# Statement

## of Opinion

**No: 10214091/AA/00**

With respect to Chapter 10 of the Telecommunications Act of The Netherlands, Telefication declares that to our opinion the listed product complies with the essential requirements, in accordance with Article 3 of the Directive 1999/5/EC, as indicated under Annex 1 of this statement.

Product description: **AM/CW/FM/SSB Amateur Radio HF Transceiver**  
Trademark: **Alinco**  
Family name: --  
Type designation: **DX-SR8E**  
Serial No: --  
Hard- / Softw. release No: --

Manufacturer: **Alinco, Inc. Electronics Division**  
Address: **Yodoyabashi Dai-Bldg 13F, 4-4-9 Koraibashi, Chuo-ku**  
City: **541-0043 Osaka**  
Country: **Japan**

This statement is granted to:

Name: **Alinco, Inc. Electronics Division**  
Address: **Yodoyabashi Dai-Bldg 13F, 4-4-9 Koraibashi, Chuo-ku**  
City: **541-0043 Osaka**  
Country: **Japan**

This statement has THREE Annexes.

Zevenaar, 31 May 2010

W.J.M. Jong  
Operations Manager Certification

For each product to which this Statement of Opinion relates (see annex 3) our opinion with respect to the essential requirements is as follows:

### Article 3.1

- C (a) The protection of the health and safety of the user and other person, including the objectives with respect to safety requirements contained in Directive 73/23/EEC<sup>\*)</sup>, but with no voltage limit applying.
- C (b) The protection requirements with respect to electromagnetic compatibility contained in Directive 89/336/EEC<sup>\*)</sup>.

<sup>\*)</sup> In addition standards published under Directives 2006/95/EC, 2004/108/EC, 90/385/EEC and 93/42/EEC may have been used to demonstrate compliance with articles 3.1.a and 3.1.b of Directive 1999/5/EC.

### Article 3.2

- C The radio product shall be so constructed that it effectively uses the spectrum allocated to terrestrial/space radio communication and orbital resources so as to avoid harmful interference.

### Article 3.3

- NA (a) The product shall be so constructed that it interworks via networks with other apparatus and that it can be connected to interfaces of the appropriate type throughout the Community.
- NA (b) The product shall be so constructed that it does not harm the network or its functioning nor misuse network resources, thereby causing an unacceptable degradation of service.
- NA (c) The product shall be so constructed that it incorporates safeguards to ensure that the personal data and privacy of the user and of the subscriber are protected.
- NA (d) The product shall be so constructed that it supports certain features ensuring avoidance of fraud.
- NA (e) The product shall be so constructed that it supports certain features ensuring access to emergency services.
- NA (f) The product shall be so constructed that it supports certain features in order to facilitate its use by users with a disability.

### Opinions

- C = Conform
- NC = Not Conform
- NA = Not applicable (for this product)
- NP = Not performed (in this type examination)

- The validity of this Statement of Opinion is limited to products, which are equal to the one examined in the type-examination.
- When the manufacturer (or holder of this statement) is placing the product on the European market or the countries of the EEA, the marking of this product must contain (among other elements) the Notified Body number of Telefication: 0560
- This Statement of Opinion does not imply that the product can be used in the European Union or the countries of the EEA. If the product can not be identified as 'class-1' in accordance with Commission Decision 2000/299/EC, then:
  - Placing the product on the market may be subject to notification to the national radio agencies.
  - Putting the product into service is subject to national frequency regulation and may require licencing.

#### Remarks and observations

*The following conditions are applicable:*

TCF No: Alinco2009272

Minimum safe distance to used antenna (gain 0 dBi) is 2 m.

### Documentation lodged for this Statement of Opinion

*Test Reports:*

- Rhein Tech Laboratories Inc.: 2009272-002, 25 May 2010
- Rhein Tech Laboratories Inc.: 2009272-003, 25 May 2010
- UL Japan, Inc.: 30HE0262-HO, 27 April 2010

*Product Documentation:*

- Assembly drawings
- Bill of materials
- Block diagram
- Electric diagrams
- Photos
- User manual
- Compliance declaration 1999/519/EC

### Technical Standards and Specifications

*The following standards have been used in full or part to cover the essential requirements:*

- |                  |                |        |
|------------------|----------------|--------|
| - EN 301 489-1   | April 2008     | V1.8.1 |
| - EN 301 489-15  | August 2002    | V1.2.1 |
| - EN 301 783-2   | September 2000 | V1.1.1 |
| - EN 60950-1     | 2006           |        |
| - EN 60950-1/A11 | March 2009     |        |

### **Technical features and characteristics**

*The product includes the following features and characteristics:*

Amateur radio equipment:

- Operating frequency range: TX: Amateur bands: 1.8 - 30.0 MHz; RX: 0.135 - 30 MHz
- Maximum output power: 100 W PEP rated
- Modulation method(s): AM/CW/FM/SSB

*The product as described in this Statement of Opinion includes the following type designations:*

Product description:	AM/CW/FM/SSB Amateur Radio HF Transceiver
Type designation:	DX-SR8E
Trademark:	Alinco
Serial No:	--
Hard- / Softw. release No:	--
